A modern multi-story building with a glass and metal facade is shown at dusk. The building features a prominent external staircase with glass railings. In the foreground, there is an outdoor courtyard area with tables and chairs, suggesting a dining or lounge area. The sky is a deep blue, and the building's lights are on, creating a warm glow. A large, semi-transparent blue circle is overlaid on the image, containing the text.

Multifunkcijski poslovni prostor / Multifunctional business centre

Moderan konferencijski centar smješten je u poslovnoj zgradi Hypo Centra na uglu Slavonske avenije i Marohničeve ulice u Zagrebu. Svojom specifičnom arhitekturom, koncepta američkog arhitekta Thoma Maynea i hrvatskog arhitekta Roberta Someka, Centar postaje nova prepoznatljiva točka Zagreba.

Uz poslovnicu Banke s 24-satnom samoposlužnom zonom, Hypo Centar nudi najsuvremenije urede i stanove, moderan konferencijski centar, kafiće, restoran, najmoderniji fitness/wellness centar, vrtić i podzemnu garažu.

Hypo Centar je mjesto susreta na kojem svi posjetitelji mogu obaviti sve što im je potrebno, od parkiranja vozila u garaži, odlaska u dječji vrtić, ispijanja kave uz pecivo i dnevne novine, do odlaska u frizerski salon, kemijsku čistionicu ili ljekarnu, uz popodnevno opuštanje u modernom restoranu ili fitness i wellness centru.

The modern conference centre is located in the Hypo Centre business building situated at the corner of Slavonska Avenue and Marohnić Street in Zagreb. Thanks to its distinct architectural concept by the American architect Thom Mayne and the Croatian architect Robert Somek, the Centre is becoming a new recognisable meeting point in Zagreb.

As well as a Bank branch with a 24-hour ATM access area, the Centre hosts contemporary offices, a modern conference centre, cafés, a restaurant, a state-of-the art fitness/wellness centre, a kindergarten and an underground garage.

Hypo Center is a gathering place where every visitor can do everything they need, from parking in the garage, taking kids to the kindergarten, having coffee with a snack and daily newspaper, to visiting the hairstylist, dry-cleaner's or pharmacy, and spending a relaxing afternoon at the trendy restaurant, fitness or wellness center.

Hypo centar u podacima

Ukupna bruto površina: 81.892,11 m²
Ukupna neto površina za najam: 37.807,07 m²
Broj parkirnih mjesta: 750, 726 u garaži
Maksimalni kapacitet: 2500 ljudi

- 59.450 m³ betona
- 8.660.000 kg armature
- 7.610 m² aluminija
- 15.975 m² stakla
- 6800 rasvjetnih tijela
- 2377 vrata
- 1476 prozora koji se otvaraju
- 1203 grijača tijela
- 103 tvrtke sudjelovale u gradnji centra

- 2377 doors
- 1476 openable windows
- 1203 heating devices
- 103 companies participated in the construction of the Center

02

HYO EXPO XXI

Novi centar HYO EXPO XXI stekao je titulu jednog od najatraktivnijih konferencijskih centara u Hrvatskoj.

Osim izuzetne arhitekture višenamjenski konferencijski centar svoje reference ima i time što je dio međunarodnog lanca Expomedia grupe EXPO XXI, čiji se centri nalaze diljem svijeta te koji garantiraju kvalitetu, tradiciju i profesionalnost.

Ukupne površine od 2.700 četvornih metara te preko 2000 održanih događanja, Centar privlači svoje posjetitelje od otvorenja 2007.godine.

HYO EXPO XXI raspolaže sa sedam konferencijskih dvorana koje se mogu modificirati prema zahtjevima i željama klijenata. S obzirom da su dvorane bez stupova i s pomičnim i pregradnim zidovima, maksimalno su iskoristive.

Sve dvorane imaju mogućnost višenamjenskih postava i to od klasične kino postave, učionice, gala večere i prijema, do toga da se mogu iznajmiti kao prazan prostor za potrebe većih i manjih događanja.

The new centre HYO EXPO XXI is considered one of the most attractive conference centres in Croatia and is a part of the international chain of Expomedia Group's EXPO XXI which is present with its branches worldwide and whose name stands for quality, tradition and professionalism.

With the total area of 2,700 square meters and over 2000 events, the Centre draws its visitors since its opening in 2007.

The seven conference and seminar rooms of the HYO EXPO XXI can be adapted to suit clients' requirements and wishes. Since there are no pillars in the halls and since they have movable and partition walls, the halls can be put to use to the full extent.

All the halls can have a different set up – theatre style, classroom style, gala dinner style and banquet style or they can be rented as vacant premises in case of major or smaller-scale events.

Dvorana Kornati Conference room Kornati

903 m²

Najveća dvorana, koja može primiti do 1600 uzvanika, nalazi se u prizemlju i površine je od 903 četvorna metra, a dvodijelnost je njezina prednost, tako da se u različitim dijelovima dvorane istovremeno mogu odvijati dva događanja.

Naravno, zbog posebnog sustava zvučne izolacije događanja nipošto ne smetaju jedno drugom, tako da su dijelovi, od kojih svaki ima 450 četvornih metara, posve neovisni.

The biggest conference room that can hold up to 1,600 guests is situated on the ground floor and it occupies 903 square meters of floor space. Its advantage is that it is divided in two sections, so that different events can take place in both sections of this conference room at the same time. Certainly, due to the special sound proofing, these two events do not in the least interfere with each other. Moreover, the two sections of the conference room, each having 450 square meters, are completely independent.

Najmodernija oprema / Modern equipment

HYP0 EXPO XXI nudi mogućnost organiziranja kongresa, konferencija i simpozija, marketinških prezentacija, seminara, gala večera, primanja te kulturnih i zabavnih događanja.

U segmentu prateće logistike nude se usluge visokog standarda – najmodernije ozvučenje koje osim konferencijskog može biti i koncertno te suvremenu rasvjetu i kompletnu video opremu s modernim projektorima i platnom na daljinsko upravljanje. Sve dvorane imaju mogućnost bežičnog i žičnog pristupa internetu.

Posjetitelji konferencijskog centra imaju mogućnost parkiranja u podzemnoj garaži iz koje se izravno ulazi u centralno predvorje dvorana.

HYP0 EXPO XXI offers a possibility of organising conferences and symposia, marketing presentations, seminars, gala dinners, receptions as well as cultural and other entertaining events.

When it comes to the logistics support, we offer high quality services such as a state-of-the art sound and multimedia system which, apart from being used at conferences, can also be used for concerts, modern lighting as well as complete VCR equipment with modern projectors and remote control screens. The conference and seminar rooms have video conference facilities as well as high speed wireless internet access.

The visitors of various events are guaranteed parking possibilities in the underground garage from which there is a direct access to the central lobby.

Multimedijalna oprema u dvoranama:

- Ozvučenje za koncerte, prezentacije i promocije
- Bežični mikrofonski sustav: 6 ručnih mikrofona i/ili 6 naglavnih mikrofona
- Žični mikrofonski sustav: 10 mikrofona
- 2 x projektor – 6500 ANSI LUMENS
- projekcijsko platno 8 x 4
- 2 x DVD player, VHS

Dodatna oprema u dvoranama:

- Wireless Internet (min. 4 Mb/s)
- Flipchart
- Pozornica
- Govornički stol
- Podij dimenzije 21 m² (standardne visine 25 cm i 50 cm visine s osnovnim bojama crna, siva, plava i crvena)

Multimedia equipment

- Ceiling mounted speaker system for presentations and promotions
- Wireless microphone system: 6 handheld microphone and / or 6 lapel microphones
- 10 microphones
- 2 × Projector – 6500 ANSI LUMENS
- Projection screen 8 x 4 m
- 2 × DVD player, VHS

Additional equipment

- Wireless Internet (min. 4 Mb/s)
- Flipchart
- Stage
- Speaker's desk
- Floor dimension: 21m² (standard height of 25 cm and 50 cm height with basic colors: black, grey, blue and red)
